

PART I-Form A

Form A -No risk of significant effect

**DECLARATION BY THE AUTHORITY RESPONSIBLE FOR MONITORING  
SITES OF NATURE CONSERVATION IMPORTANCE<sup>1</sup>**

Responsible Authority **State Nature Conservancy of the Slovak Republic, Lazovna 10,  
974 01 Banska Bystrica**

Having examined the project application **D1 Turany – Hubová highway**

which is to be located at **cadaster Turany, Ratkovo, Šútovo, Kral'ovany, Stankovany,  
Švošov, Hubová**

we declare that (tick the appropriate box):

~~The project is not likely to have significant effects on a site of nature conservation importance on the following grounds:  
Therefore an appropriate assessment required by Article 6 (3) of Directive 92/43/EEC was not deemed necessary.~~

**Following an appropriate assessment, according to Art. 6(3) of Directive 92/43/EEC, the project will not have significant negative effects on a site of nature conservation importance:**

The Project is aimed building of other section of the D1 highway. Planned section connects prepared segment of the highway Dubná Skala – Turany, continues to the south-east, in the area of the Šútovo quarry is leaded by bridges and than through the deep notch. Then it bridges over the railway, I/18 road and the Váh River. It continues along the left bank of the Váh River on flyovers, later drive in the Rojkov tunnel (lenght 1.800 m) and then bridges over the railway again, the Váh River and the I/18 road and connects other planned segment of the D1 Hubová – Ivachnová highway.

Planned highway crosses via 3 bridges three times sites of Community importance SKUEV0253 Rieka Váh, passes through the SKUEV0252 Malá Fatra and SKUEV0238 Veľká Fatra sites of Community importance and also the SKCHVU013 Malá Fatra special protection area.

An evaluation form required for the appropriate assessment was developed as a basis for the official opinion under §28a of the Act No. 543/2002 on Nature and Landscape Protection Coll. as amended. The official opinion states, that the project will not have any significant effect on the Natura 2000 sites. There is also the SKUEV0254 Močiar situated close to the planned highway at distance about 150 m to the north. Situation is specified on the enclosed map.

All project activities have been approved according to the national legislation (territorial planning or building permit procedure) and to all of them the official opinion from the involved nature and landscape protection Authority was needed.

A map at scale of 1: 50.000 (or the nearest possible scale) is attached. indicating the location of the project as well as the site of nature conservation importance concerned if any.

Signed: **Ing. Andrej Vidra** *a. v. d. Vidra* Date : **22/08/2008**
